PERFORMANCE REVIEW INDUSTRY MANAGED PROGRAMS

Use of the Mark of Conformity, Program Certificate and Program Name

The Performance Review Institute (PRI) has Marks of Conformity that are to be used to clearly indicate the program to which conformance has been demonstrated. The Marks of Conformity are proprietary and pending registration with the United States Patent Office under the terms of USCC 1051 et.al (Trademark Act of 1946, Lanham Act).

RULES AND REGULATIONS OF USAGE

1. Use of the appropriate Mark is delegated, in writing, to companies that have been awarded a Program Certificate of Accreditation/Conformance or to companies and/or their products and/or processes listed on the PRI Qualified Products List (QPL).
2. When using the Mark of Conformity, the company shall be responsible for ensuring the audit program (i.e., Heat Treating, Nondestructive Testing, Chemical Processing) or QPL standard/specification (i.e., AMS-S-8802, AS1339) is clearly identified along with the Mark.
3. The Mark of Conformity may be used on company letterhead, fax cover sheets, business cards and other business stationery. The Mark of Conformity may be used in advertising such as web site, flyers, mailings, paid advertisements in magazines and trade publications, company promotional materials and company souvenirs.
4. When not in conflict with customer requirements, the Mark of Conformity may be applied directly to products and/or their associated test reports for products/processes that are listed in the PRI QPL.
5. Neither the Mark of Conformity, nor the Program Certificate nor the Program Name shall be used in such a manner that confusion arises between certified and non-certified products, processes, or services to which the accreditation, qualification, or approval applies.
6. In every case, the Auditee shall take sufficient care in publications and advertising so that no confusion arises about the scope of accreditation, qualification, or approval as it applies to products, process, and services.
7. The Mark of Conformity is not to be transferred from one entity to another. Companies with multiple facilities or locations must indicate which facility or location is accredited, qualified or approved. Companies must ensure that when advertising accreditation, qualification or approval, the specific locations are identified and that no confusion arises in statements and/or promotional literature that indicate all or multiple facility accreditation, qualification or approval.

8. The Program accreditation or PRI QPL listing is valid through the expiration date indicated on the Certificate of Accreditation or formal qualification / approval letter. If the accreditation, qualification or approval is suspended, revoked for cause, or is not renewed, the Auditee is responsible to immediately cease using the Mark of Conformity, Program Certificate and/or Program Name, distributing literature or other materials which carry the Mark of Conformity.
9. Electronic Files of the Mark of Conformity will be sent concurrently with the PRI accreditation, qualification or approval certificate/notification via email. High resolution electronic files are available upon request. Contact the commodity specific Coordinator via phone or email, contact information can be found using the 'Contact Us' link on eAuditNet or the PRI Website.
10. PRI may employ reasonable surveillance to ensure proper use of the Mark of Conformity, Program Certificate and Program Name. Improper or misleading references to the program, the certificate or the Mark that are found on products in advertisements, brochures, or other publications, will be subject to corrective actions that could include legal actions, publication of the violation via the Qualified Manufacture List (QML), and/or the Qualified Products List (QPL), and suspension or revocation of accreditation, qualification, or approval.
11. When using the Mark of Conformity, it shall appear as follows:
